WORKSTATION PLUS
ANTI-FATIGUE MATTING

Extra-tough lightweight matting, ideally suited for workstations in restaurants, kitchens, and industrial applications. This mat provides safe, non-slip footing in wet areas. Resilient construction traps dirt and offers excellent drainage. Sweep or hose to clean. All mats include built-in beveled edges.

Material: Black - General purpose rubber compound.

Red: Grease-proof rubber compound.

Thickness: 1/2" thick.

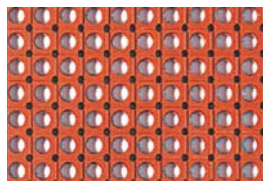

Surface: Open circular

Warranty: Standard

Colors:

Black
